Work Experience

2024 – Present

IT Support Assistant

Missions of Hope IT Office

- Executed networking tasks, PC repairs, and provided help desk assistance.
- Delivered exceptional IT solutions, significantly improving operational efficiency.

2023 – 2024

Volunteer Tutor and Mentor

Missions of Hope High School, Mabatini and Ndovoini

- Provided tutoring in Mathematics, Physics, and Computer Skills.
- Mentored students and implemented innovative approaches, such as icebreaker games, to foster positive learning environments.

Key Achievements

- **Leadership:**
 - Served as School Captain for four years, spearheading environmental initiatives such as planting 300 trees and organizing community service projects.
 - Actively participated as the Development Leader of the Christian Union, managing budgets and projects to enhance spiritual experiences for learners.
- **Technical Skills Development:**
 - Learned foundational coding skills (HTML, CSS, and JavaScript) during a 5-week Software Development Bootcamp at Missions of Hope International.
 - Built on these skills and attained a certificate in Software Engineering from Moringa School.
- **Global Recognition:**
 - Recognized as a RISE Finalist in 2023, a global initiative by Schmidt Futures and Rhodes Trust, for a Climate Action project.
 - Successfully completed training and certification in Climate Action through the RISE Challenge.
- **Youth Development Programs:**
 - Engaged in a 15-week Financial Literacy program and a 15-week Climate Change program through the Ateni Club.
- **Mentorship and Impact:**
 - Fostered improved academic engagement among students through innovative mentoring techniques at Mabatini Ndovoini High School.
